“CLEANLINESS  
IS NEXT TO GODLINESS”

## Holiday Homework – Class IV

*Dear Parents,*

The much-awaited holidays are here yet again and it's time to play and have fun!! We can also help our children to groom their personality. Encourage them to maintain a daily routine even during vacations. They can also keep a journal of what they are doing during the holidays, writing a diary helps them to have a clear view of the events of the day. Let them inculcate the habit of doing chores at home according to their age. Children must develop the habit of reading. Although technology has taken a major part of our lives but there is nothing more entertaining and informative than reading a book. Reading is the best technique of increasing their vocabulary and enhancing their speaking skills. We have also planned some activities to make the optimum use of their energy and to continue learning during the holiday break as well.

*Parents are requested to encourage their ward to do the homework independently. They can support the child if he/she needs help. Creativity and originality of the work will be appreciated.*
